hook

NGS Hook, is a device holding stand with a suction pad for any brand from 4" to 5.3" Smartphone, PDAs, MP5, PSP, GPS, etc. Its extendable arms make it suitable for any device with heights ranging from 11.5 to 14.5 cm. NGS Hook outstands for its unique compact and robust design as well as for its high quality materials. It allows full access to buttons and connectors. The three-point grips are covered with rubber to protect the terminal from shocks or impacts. You will be able to use your Smartphone as a vehicle navigator, it is also ideal to fix it over any glass surface in your home, office, etc. NGS Hook incorporates 360º horizontal and 360 º vertical rotations that allow your Smartphone adapt to any situation for a comfortable viewing position.
